

# Winter Nature Ideas

☑	DATE	IDEAS	NOTES
○		Walk, hike, or bike in an area where there is a mix of trees: deciduous and evergreen	
○		Look for squirrel nests in trees.	
○		Use a camera to record winter changes.	
○		Go to a body of water that is freezing or starting to freeze.	
○		Find some birds in winter.	
○		Record daytime and nighttime temperatures.	
○		Make a winter bird feeder or bird treats.	
○		Record sunrise, sunsets, & day length as the days get longer.	
○		Find marcescent trees.	
○		Make a snowman or go for a hike through the snow.	
○		Make snowflake patterns.	
○		Look for icicles.	
○		Watch for and record when buds form first on the trees. Note which trees form when.
